Summary

Passionate and driven final year undergraduate at SRM University with a strong interest in the dynamic field of Artificial Intelligence and Machine Learning. I am dedicated to expanding my knowledge and skills in AI/ML through coursework, practical projects, and continuous learning. I possess a solid foundation in algorithms, data structures, and statistical analysis, and I am proficient in Python and popular frameworks such as TensorFlow and PyTorch. With a curiosity for emerging technologies, I stay updated with the latest advancements in the field and strive to contribute to impactful projects. I am eager to collaborate, learn, and contribute to the exciting developments in AI/ML. Let's connect and explore opportunities to create transformative solutions together.
